the rate of one in five and one-third minutes, and from that it will be seen that the big city would be able to grow with considerable rapidity, even if immigration-ceased. Accidents last year resulted in 3,919 deaths; there were 284 murders and 711 suicides. There was a marriage every eight and one-third minutes. The largest single cause of death was consumption, which had 8,999 victims. Organic heart diseases caused 7,237 deaths.—Human Life.

POSTUM

Is a food beverage-when boiled for 15 minutes. Builds up coffee-worn nerves and tissues-strengthens the heart, clears the brain and makes the red, red blood of good

The real proof of anything is in the testing, so why not quit coffee for ten days or two weeks and drink Postum-you can prove the facts for yourself,

Woman Gets Rid of "Coffee Heart."

The injurious action of coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee

A woman suffered a long time with severe heart trouble, and finally her doctor told her she must give up coffee, as that was the principal cause of the trouble. She writes:

"My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again.

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration.

"For eleven weeks I lay there and sef-fered. Finally husband brought home-some Postum, and I quit coffee and started new and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I used to weigh 92 pounds, and now I weigh 158.

and now I weigh 158.

"Postum has done much for me, and I would not go back to coffee again for any money, for I believe it would kill me if I kept at it. Postum must be well boiled like directions on pkg. say, then it has a rich flavor, and with cream is fine." Read "The Road to Wellville," found in pkgs. "There's a Reason."
